Indonesia Beverage Consumption

2026 Jakpat Survey Report

The beverage landscape in Indonesia continues to evolve asconsumers integrate a wide variety of drinks into their daily routines.

Beverages are essential for energizing, socializing, and relaxing, with traditional favorites like coffee and tea still prevalent. At the same time, matcha has emerged as a popular option, becoming increasingly accessible in cafés and retail locations. This report highlights key behaviors, preferences, and spending patterns across different drink categories, offering a clear view of when, where, and how Indonesians consume their favorite beverages.

By examining moments of consumption, purchase channels, and budget habits, this report provides valuable insights for brands, retailers, and foodservice operators seeking to better understand shifting consumer needs. This insight is based on responses from 1,238 participants from Jakpat.

DATA COLLECTION

The survey was distributed to a total of **1238 respondents**

The data were collected from **22nd–24th April 2026**

Margin of error **below 5%**

The questionnaires were distributed via **Jakpat mobile app**

Proportioned by **Indonesian internet population**

RESEARCH OBJECTIVE

To understand overall beverage consumption habits

To identify when, where, and how different drinks are consumed

To explore spending patterns for each beverage category

To uncover key motivations behind beverage choices

Research highlights

Coffee and tea lead beverage choices, each consumed by over 70% of respondents across generations

Milk shows a noticeable increase in nighttime consumption, suggesting its role as a calming or bedtime drink

Jamu is most commonly consumed in the morning, reinforcing its image as a health-focused start to the day

Tea is strongly associated with relaxed moments after meals or personal downtime

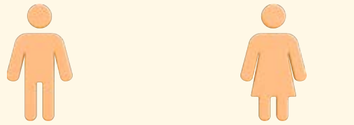

Most consumers spend under IDR 25K per drink, indicating strong price sensitivity across categories

The daily drink

Coffee, tea, and milk are the drinks people enjoy the most in their daily lives, **with coffee standing out as the top everyday choice** as 29% drink it once per day and 24% consume it 2–3 times per day. Tea and milk also show strong daily patterns, making them consistent and reliable go-to beverages.

HOW OFTEN DO YOU CONSUME THESE DRINKS?

	COFFEE	TEA	MILK
MORE THAN 3 TIMES A DAY	5%	3%	2%
2-3 TIMES A DAY	24%	10%	9%
1 TIME A DAY	29%	26%	29%
3-4 TIMES A WEEK	13%	21%	18%
1-2 TIMES A WEEK	23%	31%	33%
RARELY/NEVER	7%	9%	10%

2 out of 5 Gen X consume coffee 2–3 times a day

n= 1214 respondents

Weekly picks for casual refreshment

Unlike daily beverages, these categories are mostly consumed on a weekly basis. **Juice, matcha, and *jamu* peak at 1–2 times per week, showing they function more as occasional treats rather than everyday habits.** Soda stands out with a high 34% who rarely or never drink it, making it the least frequent drink in this group.

HOW OFTEN DO YOU CONSUME THESE DRINKS?

	JUICE	SODA	MATCHA	JAMU
MORE THAN 3 TIMES A DAY	2%	1%	1%	1%
2-3 TIMES A DAY	4%	2%	2%	6%
1 TIME A DAY	14%	5%	10%	17%
3-4 TIMES A WEEK	19%	9%	15%	14%

RARELY/NEVER	13%	34%	20%	15%

56% of man enjoy soda one to two times a week

n= 1214 respondents

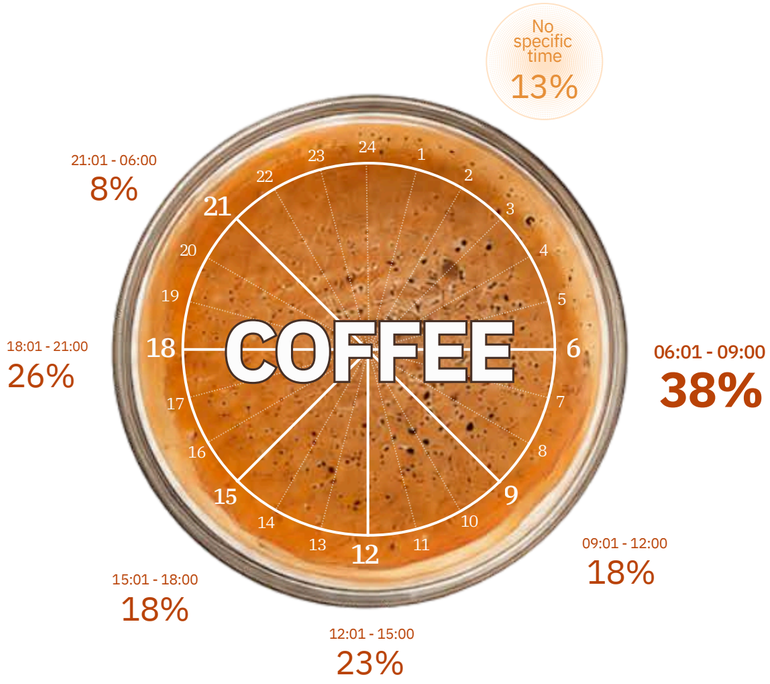

Morning companions that stay all day

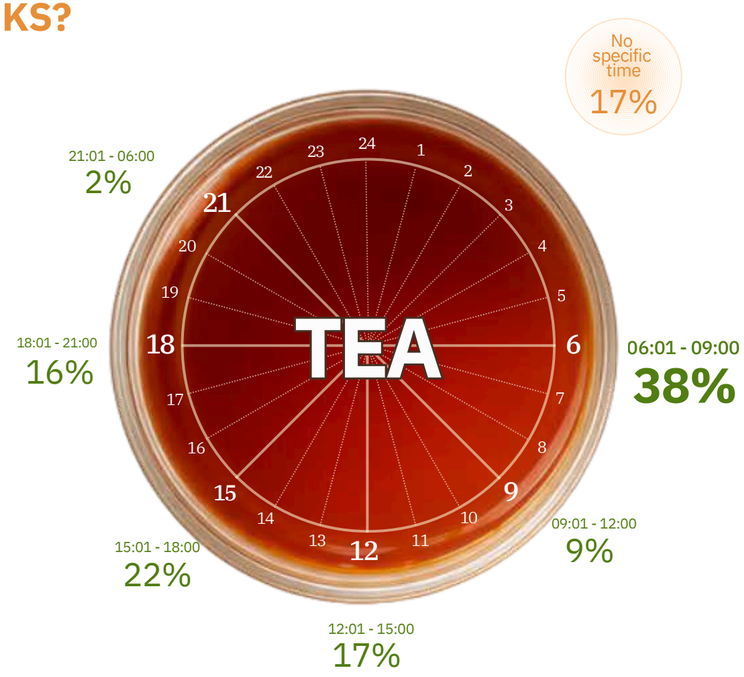

Coffee, tea, and milk are mainly enjoyed in the morning, with all three showing their highest consumption between 06:00–09:00.

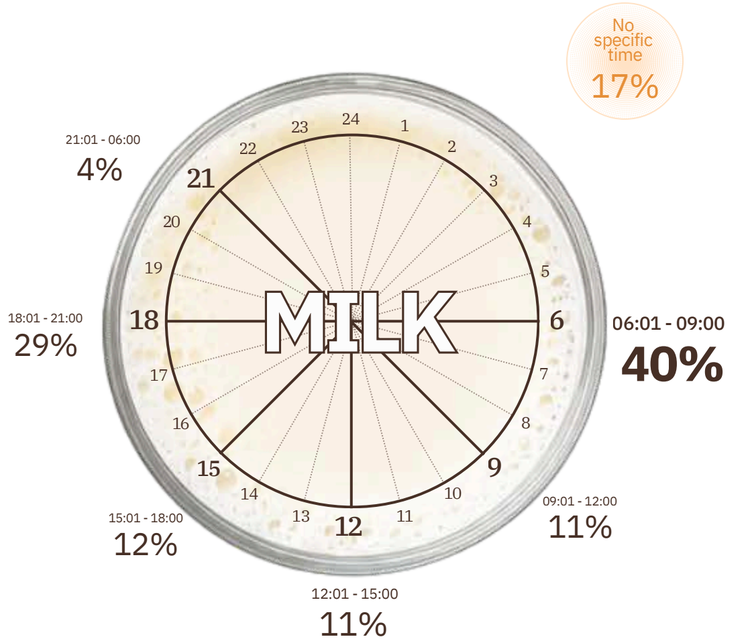

Coffee stands out as the only drink with strong evening and night-time consumption, showing its role as an energy booster throughout the day.

Milk also shows a notable spike at night, suggesting it's often used as a calming or bedtime drink.

Turn Your Surveys Into Actionable Insights

Jakpat equips researchers with tools to transform raw responses into insights.

Jakpat App

Create and distribute surveys effortlessly to Jakpat's profiled respondents or your own audience via Jakpat Lite.

OE Clustering

Instantly categorize open-ended responses into structured insights for easier analysis.

Topsight

Simplify advanced analysis with automated crosstabs, product comparisons, and instant visualizations.

Integration Platforms

You can connect Jakpat with popular survey platforms, including Google Forms, SurveyMonkey, Typeform, and Jotform.

Affordable Access

Gain access to hundreds of respondents without leaving your preferred survey platform, with pricing starting from **Rp1.000.000.**

⚡ Fast analysis | 📊 Automated crosstab | ✅ Reach profiled respondents
